

Group Intervention

Family Centered Intervention Groups

Caregiver and Child Intervention

While your child with FASD is engaged in an intervention session their caregiver will discuss strategies with professionals and observe their child's session. Guided learning and practice with strategies will be the focus of this intervention. Intervention can be tailored for a group of families or one family.

10 sessions of 1.5 hours each

Cost: \$1,500 for individual families

\$700 per family in groups

(Maximum of 3 families per group)

Caregiver Therapy Group

Sessions will focus on education around FASD and exploring personal experiences. These groups will facilitate a new lens through which to view your child's disability and your relationship with your child.

10 sessions of 1.5 hours each

Cost: \$700 per person, \$900 per couple

Caregiver Informational Workshop

Session will focus on learning about FASD and the difficulties experienced by children and youth with this disability. Solutions and strategies will be presented and explored as a group.
